Step 1. Common Application: www.commonapp.org
- Create a Common App account. Name and Date of Birth must be the same as on your Naviance Student Account- Please see your counselor if Naviance needs to be updated.

Common App essay prompts

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you questioned or challenged a belief or idea. What prompted your thinking? What was the outcome?
4. Reflect on something that someone has done for you that has made you happy or thankful in a surprising way. How has this gratitude affected or motivated you?
5. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.

We will also retain the optional COVID-19 question within the Additional Information section.

- Families can provide a more complete picture of their financial circumstances than the Free Application for Federal Student Aid (FAFSA) may provide.
- Over 40% of all students qualify to submit the CSS Profile for free. Information regarding fee waivers is available on our website.

The CSS Profile is only shared with institutions you select in the application process. Students may identify additional institutions after completing the application.
